PEDESTRIANS AT GLOBE ESCAPE BULLETS OF DUELISTS

TWO MEXICANS END FEUD IN CROWDED STREET WITH GUNS AND KNIVES

KILLING OF INNOCENT PEOPLE PREVENTED BY PLUCKY BYSTANDER

GLOBE, Sept. 22.—Guns and knives were used freely in a duel last night which ended on Broad street after one of the participants had been shot twice and the other had been slashed with a knife. As a result Refugio Lemos is now in the county hospital and Luis Diaz is in the county jail awaiting the outcome of the investigation which will be made.

Neither of the two men are seriously injured. That the affair terminated as happily as it did is due to the coolness of a bystander, who grappled with Diaz, the aggressor, and prevented him from shooting at his fleeing enemy on the crowded thoroughfare.

The affair is the outgrowth of a strange feud between the youths.

They have had three fights in which deadly weapons were issued and a number of personal encounters with their bare fists. But a short time ago Diaz was slashed in a number of places by Lemos, in a mix-up which took place at a merry-go-round in the lower part of the city. As far as can be ascertained there is no reason for the animosity the principals entertain for one another.

ARIZONAN, 75 YEARS OLD FAILS IN TEACHERS EXAMINATION

TUCSON, Sept. 23.—Because he failed to pass the state examination in arithmetic, Jasper Miller, 75 years of age, will not be the teacher of the Rincon school the coming term, as it prevents him from securing a certificate until the next examination, which is three months from the present time.

Had Mr. Miller succeeded in solving several problems which he missed, he would have been the oldest school teacher in Arizona, and probably in the whole United States. He is in his seventy-sixth year.

KRONSTADT, TAKEN BY ROUMANIANS, IS ANCIENT

With Kronstadt and Hermannstadt now in the hands of the Roumanians, the two principal border cities of Transylvania have fallen, the first twelve and the second eighteen miles north of the frontier. The former, like the latter, is of Saxon origin and dates from the middle ages, when the Magyar landowners brought in German cheap labor in order to oust the Roumanian peasants. The photo shows the quaint architecture of Kronstadt.

WILL LOCATE SITE FOR CHARLESTON BRIDGE NEXT WEEK

County Engineer Ryan, who is also assistant state highway engineer, located the state highway leading into Tombstone, and stated that when the new highway was built into Tombstone by the state that in following the foot hills to the east of town one good bridge would be built near the San Diego smelter which would eliminate all the hills that are on the present road and that the new road would remove the steepest grades now on the Borderland route in the state. STATE BONDS LEAVE ARIZONA CAPITAL FOR EAST

PHOENIX, Sept. 21.—Three hundred thousand dollars in state bonds left the state house Monday afternoon for their long trip to New York, where they will be turned over to the Guaranty Trust company for distribution. The bonds when they left State Treasurer M. H. Simms' office were as good as a like amount in gold. They had been signed and countersigned by Sims, the governor and state auditor. When the seal of the state was placed on them, it was all off, and who ever possessed them possessed that amount in cash. In order to make secure their long trip to New York, they were sent by registered insured mail, a local bank attending to that portion of their disposal. The bonds sold way above their face value, the total premium being over \$13,000. They were re-funding bonds, issued to take the place of older bonds bearing a higher rate of interest.

ANOTHER RAID ON BOOTLEGGERS IN COCHISE COUNTY

ABOUT 27 MORE WHISKEY SELLERS ARRESTED TODAY IN BISBEE AND DOUGLAS

FOLLOWS UP CLEARING OF THE RECENT CASES BY COUNTY ATTORNEY

Another raid of bootleggers, following up the clearing of the docket of similar cases, was made today at Bisbee, Lowell and Douglas, and from reports received late this afternoon about 27 more violators of the prohibition law have been arrested and are enroute to Tombstone where they will be arraigned on a charge of selling liquor.

The raid comes as a sequel to the one made some three months ago, when about 250 cases were filed and the last three of these have just been disposed of.

The evidence has been secured through a detective agency according to unofficial word received, and County Attorney Ross, and Deputy Sheriff Percy Bowden, and Deputy Brakfield made al the arrests. It is expected more will be arrested before tomorrow while another report stated that some of the defendants having become "wise" have left the country. The raid undoubtedly means the filing of some 200 cases more in the Superior Court, and will doubt be handled in about the same manner as those recently disposed of.
